Type CBLA

*Computer Blue LA (CBLA) is a liquidtight flexible steel conduit commonly used for computer room installations. The blue jacket color easily identifies circuitry for computer power wiring. It is listed by Underwriters Laboratories Inc. and certified by Canadian Standards Association.*

**Construction:**

**Inner Core:**
- Hot Dipped Galvanized Steel
- 3/8” – 1-1/4” Squarelock Profile with continuous bonding strip
- 1-1/2” – 4” Fully Interlocked Profile

**Liquidtight Jacket:**
- Flexible Blue PVC
- Resistant to *Oils and Mild Acids*
- Flame Retardant
- Sunlight Resistant (UV)

**Application:**

This conduit is intended for installation in accordance with Article 350 of the NEC (ANSI/NFPA-70):
- Permitted for use in exposed or concealed locations.
- Installations under raised floors in Data Processing Areas. Article 645.5(E)(2)
- Listed and marked for direct burial and in poured concrete.
- Meets same specifications as Type LA.

---

**Product Information**

**CERTIFICATIONS & COMPLIANCE**
- Certified File #LL18858. Conforms to CSA 22.2 No.56 for use per the Canadian Electrical Code C22.1 Section 12-1300. FT1
- WEEE and RoHS Compliant
- BS EN IEC 61386 Classification Code 444240650414 CE Declaration
- **ARRA:** For ARRA Certification Letter, please [click here](#)

### Interlock Sizes:
1-1/2" - 4"
Type LA
A flexible steel conduit which is both listed by Underwriters Laboratories Inc. and certified by Canadian Standards Association. It offers outstanding protection against wet, oily conditions and is permitted for use in exposed or concealed locations.

see product detail »

Type ZHLA
Non-halogen, low smoke and low flame spread make Type ZHLA a proven choice for applications where limiting toxic materials of combustion are an important issue. Since ZHLA is also UL listed and CSA Certified, it is ideal for field installation in confined, public areas such as subways, tunnels, etc.

see product detail »

Type ATLA
A liquidtight flexible steel conduit designed specifically for extreme hot or cold environments. The flexible inner core is identical to that found in Type LA. The specially formulated PVC jacket remains flexible at low temperatures and resists aging at elevated temperatures. It is listed by Underwriters Laboratories Inc. and certified by Canadian Standards Association.

Type LA FG
A UL Listed flexible liquidtight steel conduit designed for a variety of installations regarding motion, vibration and bending on food processing equipment.
