FLEXIBLE FIXTURE HANGERS

TPRFH Flexible Fixture Hangers are used in commercial or light industrial applications where HID high bay and low bay lighting fixtures are used. Specific applications include storage facilities, shipping warehouses, retail and DIY facilities.

Features:
- Suitable for use with ½” or ¾” fixture conduit stems, these hangers allow the conduit stem of the fixture (luminaire) to swing in any direction; maximum swing angle is 26° from vertical max.
- slope angles 22½°
- Available for attachment to round or octagonal steel boxes
- Quickly and easily attached by two screws
- Hangers are drilled and tapped for use with ½” conduit stem as standard and come supplied with a ¾” - ½” reducer for ½” conduit stem applications

Certifications and Compliances:
- UL1598
- CSA C22.2 No. 250
- Suitable for damp locations

Standard Materials and Finishes:
- Material – sheet steel
- Finish – zinc chromate for corrosion resistance
